What I hate in few word's dogg!

Police, People, Law,...

People driving me crazy about every shit that happens. When I'm going, when I'm thinking. Fuckers they interrupt me when I'm thinking about some important shit for me... Yes of course they couldn't know that I'm concentrated to the limit, but **fuckdas**.

Bitches that are looking on me like on a piece of meat to fuck. Yes I know what you thinking. But now I'm not thinking much I'm writing now about stuff!

I don't give a fuG! about my 10th beer that I have already drunken. I'm writing.

I also hate the police, I hate this fuckerz like a plague...

Fuckers drivers me crazy to the limit every time I see them. The blue fucked up uniforms and the fucking cheap huts. I have just one word for you: **FUCK YOU!** You try to control the people but how looks your own fucked up life bitch? Is it perfect or you drinking much of beer like I do?
