EDITOR: **Master** – Guido?

You propably want to know what I mean? Have I right bitch? Do you want to heare from me who da **fuck** is a **fuck** up guido?

Don't be shy just look on the picture on the left!

They are so pretty that you could let a shit out! They have more vaseline in their hair that you could imagine. They are just wet on their hair.

When I look on that picture I already know that I could not fuck today. Because my dick has also a brain and he tells me "oOu man forget the pussy today" I have seen a guido today! What da fuck! When I have to go to pie I'm don't telling my dick "you can't pie now because you have seen a guido!" am I right? I'm doing this because I have to. The same think accords to fuck. When I have to do this, than I'm doing it, wright!?! So when you see one more time a guido pussydo, shit on it. Aaand don't forget about the fuck! :-) Because fucking is the life discipline and the way of living. So you have to beat a pussy every day instead of the situation. Don't forget the roule no°1.

So let me take you back to the guido thing. They have also girlfriends and they not seems to be gay like i thought before. They wan't to be attractive to the woman's world but they have to do it the way to not unattractive it like they do it every day. And I have already now the fucked up picture in my head. No I'm changing now my point of view an I'm informing you, that they can't be others. They are just fucked up and nobody can change it.

If a guido reach this post i would be proud to heare from him how to do the funny hairstyle an how many vaseline you need to put it on.
